Last Name:Cagney

Mailing Address:P.O. Box 3755 Seattle WA 98124 Attn: ERS

E-Mail Address:patrick.t.cagney@usace.army.mil

Description of contribution to project:Currently, we are going through the review and approval process for the Qwuloolt Restoration Project under the Corps section 544 program (Puget Sound and Adjacent Waters). If the Corps approves the project (we have done similar projects in the past) and money is available, then we would like to construct this important restoration project. All Corps restoration projects are cost shared (65% Federal and 35% Local Match). If the project applicant's request is favorably received it would be helpful if the grant was in State dollars and not Federal dollars. Under this project we cannot match Federal money with other Federal money.

Estimated value to be contributed: \$90,000
